Activa 5 and Activa 10. Access Control Pin Readers

Activa 5 is a simple to use standalone access control product.

Keypad backlighting for night and poor light conditions is contained in a polycarbonate housing with stainless steel keys allowing for indoor and outdoor surface or flush mounted installation.

The Activa 10 is a multi-purpose keypad for access control, door monitoring and interlock applications.

The digital keypad is a sturdy and durable unit made from vandal resistant die-cast zinc with backlit stainless steel keys. For standalone doors both inside or outside.
